

With Us Still

Written by Alex Taylor, Karen Taylor

VERSE 1

F#

How small we are, in the eyes of the world

E B F#

To the world, we look like fools

F#

Poor little things in the eyes of the world

E B F#

Wasting our breathe on You

VERSE 2

Chasing the wind, in the eyes of the world

Wandering desperate and blind

Poor little things in the eyes of the world

Looking for some kind of sign

And dumb enough to say it out loud

CHORUS

F# E

You're with us still

B F#

You're with us still

F# E

Author of life

B

Somehow we know You're with us

VERSE 3

Out of our minds in the eyes of the world

Acting like somebody's there

Poor little things in the eyes of the world

Betting it all on a prayer

VERSE 4

Chasing the wind, in the eyes of the world

Wandering desperate and blind

Poor little things in the eyes of the world

Looking for some kind of sign
